Substance Use Disorder Scopes of Practice Training Resources

Clinical Supervision Foundations I Online Course
This 14-hour, self-paced course is designed to introduce the terms, topics, and resources essential to clinical supervision. This course is a pre-requisite to the 16-hour Clinical Supervision Foundations II classroom training. To access the course: http://www.healtheknowledge.org. This course is approved for OASAS credentialing hours. There is no need to pay for the course unless Social Work Continuing Education hours are desired.

Supporting Recovery with Medications for Addiction Treatment (MAT)
This three-hour, self-paced, e-learning training meets the MAT training requirement. The course is designed to enhance professional knowledge of MAT, and build skills related to reaching and educating clients about MAT. Topics covered include: use of MAT with alcohol and opioid dependent clients; medications approved to treat alcohol and opioid dependence, including research outcomes, and extent of use; workforce, organizational, and environmental/regulatory issues that facilitate or impede the implementation of MAT; ways to overcome barriers to clients’ use of MAT and build awareness of MAT among clients, their friends and family, and the general community. You may access the training through the HealtheKnowledge online e-learning portal at http://healtheknowledge.org/course/search.php?search=Medication+Assisted. This course is approved for OASAS credentialing hours. There is no need to pay for the course unless Social Work Continuing Education hours are desired.

Leadership Training Resources

SAMHSA BH Business Series
The Substance Abuse and Mental Health Services Administration (SAMHSA) offers 14 self-paced, online business courses to behavioral health organizations and providers through BHbusiness. These courses are available at no cost. You can learn at your own pace while earning continuing education credits at https://bhbusiness.org/start-learning/take-a-course/. These courses are approved for OASAS credentialing hours.
Screening, Brief Intervention, and Referral to Treatment (SBIRT)

**Center for Practice Innovations at Columbia Psychiatry (CPI)**
This 4-hour, self-paced, interactive and user-friendly online course will give you the information, motivation, tools and resources you need to conduct SBIRT in a variety of practice settings. Participants that score an 80% or higher on each section will pass the course, receive credit and be certified to bill Medicaid for SBIRT services (if they are a licensed or certified provider). This course is approved for OASAS credentialing hours and 4.0, Physician CME, Nursing, Pharmacy and Social Work CEUs. This course can be accessed at [https://cumc.co1.qualtrics.com/SE/?SID=SV_1MLQ2Ub4uMqzVmB&Q_JFE=0](https://cumc.co1.qualtrics.com/SE/?SID=SV_1MLQ2Ub4uMqzVmB&Q_JFE=0)

**New York City Department of Health and Mental Hygiene SBIRT E-Module**
The NYC Department of Health’s free online learning module for SBIRT provides participants with training on:
- Alcohol and drug-related epidemiology
- Evidence base of SBIRT
- Screening approaches and tools
- How to conduct a brief intervention
- When and how to refer to specialized treatment
- Motivational Interviewing and relation to SBIRT
- Documentation and billing

Physician participants who successfully complete this module will receive four credits of continuing medical education. Participants will receive credit and be certified to bill Medicaid for SBIRT services (if they are a licensed or certified provider). This course is approved for OASAS credentialing hours. This course can be accessed at: [http://www1.nyc.gov/site/doh/providers/health-topics/screening-brief-intervention-and-referral-to-treatment.page](http://www1.nyc.gov/site/doh/providers/health-topics/screening-brief-intervention-and-referral-to-treatment.page)

**Additional Training Resources**

**Addiction Medicine Educational Series**
This series offers an opportunity for non-traditional training. You may download these courses at: [http://www.oasas.ny.gov/testportal/AMcourses.cfm](http://www.oasas.ny.gov/testportal/AMcourses.cfm). These courses are approved for OASAS credentialing hours, but may only be used once.

**Addiction Technology Transfer Center Network (ATTC)**
Building on a rich history, the ATTC Network continuously strives to improve the quality of addictions treatment and recovery services by facilitating alliances among front line counselors, treatment and recovery services, agency administrators, faith-based organizations, policy makers, the health and mental health communities, consumers and other stakeholders. By connecting them to the latest research and information through activities such as skills training, academic education, online and distance education, conferences, workshops, and publications, the ATTC Network responds to the emerging needs of the field. For more information on training visit: [http://www.attcnetwork.org](http://www.attcnetwork.org). These courses are approved for OASAS credentialing hours.
Center for Practice Innovations at Columbia Psychiatry (Fit Modules)
CPI supports the New York State Office of Mental Health’s mission to promote the widespread availability of evidence-based practices to improve mental health services, ensure accountability, and promote recovery-oriented outcomes for consumers and families. Visit [http://practiceinnovations.org/CPI-Initiatives](http://practiceinnovations.org/CPI-Initiatives) to access information on the various training initiatives. These courses are approved for OASAS credentialing hours.

Heroin and Opioid Overdose Prevention Training Sessions
Naloxone (anti-opioid overdose medication) training is available throughout New York State at OASAS’ Addiction Treatment Centers (ATCs), as well as at Department of Health (DOH) registered training programs in local communities. For a schedule of ATC trainings visit: [http://www.oasas.ny.gov/atc/ATCherointraining.cfm](http://www.oasas.ny.gov/atc/ATCherointraining.cfm). For DOH registered programs: [http://www.health.ny.gov/diseases/aids/general/resources/oop_directory/index.htm](http://www.health.ny.gov/diseases/aids/general/resources/oop_directory/index.htm). These courses are approved for OASAS credentialing hours.

Learning Thursdays
The Learning Thursdays’ Educational Series has completed the transition to a new delivery format. Participants can access new monthly releases, and previously archived presentations via the following link: [http://www.oasas.ny.gov/testportal/LTcourses.cfm](http://www.oasas.ny.gov/testportal/LTcourses.cfm). This format offers new opportunities and conveniences for participants. After viewing a particular presentation, the individual will access the OASAS Online Training and Test Portal to take the test specific to the presentation that was just seen. Upon successful completion of a test, the participant will be able to print a certificate of completion. These courses are approved for OASAS credentialing hours.

National Center on Substance Abuse and Child Welfare (NCSACW)
Offers on-line self-tutorials that focus on the subjects of substance abuse and child welfare. The tutorials support and facilitate collaboration between the child welfare system, the substance abuse treatment system, and the courts. For more information, go to [http://www.ncsacw.samhsa.gov/training/default.aspx](http://www.ncsacw.samhsa.gov/training/default.aspx). These courses are approved for OASAS credentialing hours.

New York State Department of Health (DOH) HIV/AIDS Training
The New York State DOH’s Statewide Calendar of HIV/AIDS Training is available on-line at [http://www.hivtrainingny.org/](http://www.hivtrainingny.org/) These trainings are offered to health and human service providers at no cost and include trainings on: Hepatitis, TB, STDs and other related topics. These courses are approved for OASAS credentialing hours.

New York State Office for Children and Family Services (OCFS) Mandated Reporter Resource Center
OCFS offers training for mandated reporters in New York State so that every mandated reporter has the knowledge and skills to effectively report child abuse or maltreatment/neglect to the NYS Child Abuse and Maltreatment Register. For more information, visit [http://www.nysmandatedreporter.org](http://www.nysmandatedreporter.org) and select Courses Offered from the menu. These courses are approved for OASAS credentialing hours.

New York State Tobacco Control Program
The New York State Tobacco Control Program New York State Cessation Centers coordinate a collaborative conference call on a bi-monthly basis. These calls focus on key smoking-related topics and feature guest speakers. For more information and registration instructions, visit: [http://www.nysmokefree.com/confcalls/default.aspx](http://www.nysmokefree.com/confcalls/default.aspx). These conference calls are approved for OASAS credentialing hours.
Opioid Prescriber Online Training Program
Prescribers licensed in New York to treat people and who have a DEA registration number to prescribe controlled substances, as well as medical residents who prescribe controlled substances under a facility DEA registration number, must complete at least three (3) hours of course work or training in pain management, palliative care, and addiction by July 1, 2017. The New York State Department of Health and the University at Buffalo (UB) School of Pharmacy and Pharmaceutical Sciences have developed an online Opioid Prescriber Training Program that meets the NYS mandate. This program is free of charge and is for prescribers only. This course is approved for OASAS credentialing hours.
The link to the UB site is: http://www.pharmacy.buffalo.edu/opioid-training
For further guidance please visit: http://www.health.ny.gov/professionals/narcotic

SAMHSA Clinical Decision Support for Prescribers Treating Individuals with Co-occurring Disorders
Learn more about serving people with serious mental illness and co-occurring substance use disorders. This two-course series centers on a single case-based scenario and offers perspectives and decision support for recovery-oriented practice during multiple phases of treatment. Each course is 90 minutes and offers 1.5 CME. These courses are approved for OASAS credentialing hours. The course can be found here: https://www.samhsa.gov/recovery-to-practice/virtual-learning

SAMHSA Knowledge Application Program (KAP)
These online courses are designed to provide an opportunity for professional growth and the continuing education hours needed to maintain certification or licensure: https://kap-elearning.samhsa.gov/. The clinical courses are approved for OASAS credentialing hours. Please be aware that SAMSHA offers a wide variety of courses and that organizational or non-clinical courses may not be approved for credentialing hours.

Substance Abuse and Mental Health Services Administration’s (SAMHSA’s) Tools for Success: Working with Youth with Fetal Alcohol Spectrum Disorders (FASD) in the Juvenile Justice System
This is a self-paced educational program. It is based on Carlson and Holl’s Tools for Success: Working with Youth with Fetal Alcohol Syndrome and Effects in the Juvenile Justice System Resource Guide 2001. The program has been updated to emphasize more recent published literature and terminology. For more information visit: http://www.samhsa.gov/fetal-alcohol-spectrum-disorders-fasd-center. This course is approved for OASAS credentialing hours.
